WHO WE ARE?

AVIN | Beyond Borders is a premier, designer-led export house headquartered in the industrial heart of Morbi, Gujarat. Founded on the principle that packaging is the first handshake between a brand and its customer, we specialize in high-quality, sustainable solutions including Eco-friendly Paper Bags, Paper Cups, and Industrial Corrugated Boxes. Our name, AVIN, represents our commitment to "Indian Origin with a Global Vision," bridging the gap between reliable manufacturing and international quality standards.

WHO WE DO?

What sets AVIN apart is our deep-rooted expertise in design and material science. We don't just supply packaging; we craft identity. By leveraging the massive production capabilities of the Morbi-Wankaner industrial cluster, we offer products with high Bursting Factor (BF) and superior GSM strength that meet the rigorous demands of global shipping. From custom-branded retail bags to heavy-duty master cartons, our team ensures that every product is a perfect blend of durability, aesthetics, and environmental responsibility.

WHY CHOOSE US?

With our strategic proximity to Mundra Port, we ensure seamless logistics and timely delivery to our partners across the UK, UAE, and beyond. We take pride in our "Beyond Borders" approach—offering transparent communication, strict quality control, and flexible customization for businesses of all sizes. At AVIN, we are not just your suppliers; we are your global sourcing partners, dedicated to helping your brand leave a lasting impression while protecting our planet.

TECHNICAL SPECIFICATION

Our products are engineered using high-grade virgin and recycled fibers to achieve an industry leading Bursting Factor (BF) and superior Tensile Strength. We maintain strict adherence to international GSM standards, ensuring that every bag, cup & box provides optimum load bearing capacity and moisture resistance for global transit.

KNOTTED HANDLE BAGS

Sophistication in Every Detail.

Our hand-finished knotted handle series combines artisan aesthetics with modern structural lines. Engineered with reinforced anchor points and an ergonomic grip, these bags offer a superior carrying experience for high-end retail environments.

GLUED HANDLE BAGS

*Seamless Strength,
Minimalist Design.*

Designed for a clean, professional silhouette, our glued handle range utilizes high-tensile bonding technology. These bags offer a sleek, hardware-free look while maintaining the heavy-duty weight capacity required for global retail standards.

DIE CUT HANDLE BAGS

“

Modern, Efficiency, Reinforced

A futuristic take on the classic carrier, our Die-Cut series features precision-punched handles with internal reinforcement. This space-saving design is perfect for lightweight luxury items, providing a comfortable, integrated grip without compromising on durability.

ENVELOP PAPER BAGS

“

The Ultimate in Rigid Protection.

Crafted for items that require a flat, secure profile, our Envelope bags provide a rigid shield against transit wear. Featuring a reinforced base and a slim architectural form, they are the ideal choice for premium stationery, documents, or flat luxury goods.

BAG BOXES

“

Where Structure Meets Style.

Combining the flexibility of a bag with the rigid strength of a box, this hybrid solution offers a premium "unboxing" experience. Its self-standing rectangular form ensures maximum protection for delicate items while providing a high-impact branding surface.

BAGS WITH WINDOWS/PVC

“

Clarity That Commands Attention.

Designed to showcase the product within, our windowed bags feature high-clarity, eco-friendly inserts. This dual-material design provides a transparent view of the quality inside while maintaining the structural integrity of our signature Kraft paper.

PASTRY BAGS

“

*Preserving Freshness,
Presenting Taste*

Crafted from high-grade, food-safe Kraft paper, they ensure that warmth and aroma are preserved while offering a sophisticated, eco-friendly presentation for every sweet moment. Our pastry bags provide a breathable yet protective environment for your artisanal creations.

3D & DIE-CUT PAPER BAGS

“

Structural Innovation in Packaging.

Blending the rigidity of a box with the portability of a bag, our 3D series offers maximum volume and protection. Precision-engineered fold lines and integrated handles create a modern, high-impact look that protects delicate luxury goods during global shipping.

TRAPEZOID BAGS

“

The Geometry of Luxury.

Stand out with a unique, wide-base architectural form. The trapezoid series is designed for brands that want to break away from standard shapes, providing a stable, self-standing profile that doubles as a premium gift box experience.

BOTTLE BAGS

“

*Architectural Strength
for Premium Spirits*

Designed with a reinforced base and heavy-duty vertical construction, our bottle carriers ensure safe transit for glass containers. The sleek, elongated silhouette and high-tensile handles provide a secure and elegant solution for wineries and luxury beverage retailers.

NO-NAME BAGS

“

*Timeless Elegance in
Every Thread*

Our minimalist series is designed for brands that value understated luxury and clean aesthetics. These high-quality, unbranded carriers provide a versatile and sophisticated canvas for any occasion, from high-end gifting to daily retail.
